

# ZF-BX Battery

Polymer Lithium Ion Battery

Compatible to GSR Recording System

Lower Weight, Same Dimension,  
But Higher Capacity

Type	ZF-BX12	ZF-BX17
Open Circuit Voltage	16.5V	
Load Voltage	14.8V	
Rated Capacity	12Ah	17Ah
Operating Temperature	-40 ~ +80 °C	
Charging Temperature	0 ~ +50 °C	
Weight	1.9Kg	2.1Kg
Dimension	228 × 85 × 65mm	
Working Life	Charge for 800+ times	

Limited Warranty Period:1 year.

Warranty excludes the damage caused by outside force to the battery case.

Inside MPU keeps battery from charging and discharging too much, and thermocouple would stop the battery charging while temperature is overhigh.
